LUMINATOR PMO APPLICATION

LEAD DEVELOPER: MOHAMMAD KABIR

LUMINATOR PMO APPLICATION

- Developed a Web based Project Management Application including a Custom Time Entry Application using ASP .Net Core 2.2, REST API, SQL Server, JQuery, Telerik Kendo UI, Dapper, HTML 5, Bootstrap.
- This application will integrate with Infor SyteLine ERP's Project Management Module along with Finance and Accounting modules.
- □ This application would potentially save about 1 million USD a year in SyteLine licensing fee.
- This application will save enormous amount of time for employees entering their weekly timesheet using SyteLIne's built-in Time Entry Application. On average, each employee would save 15-20 minutes on entering timesheet per week.

LUMINATOR PMO APPLICATION - BEFORE AND AFTER

By entering Time one entry at a time in this form on the right side from SyteLine ERP, it would take 1-2 minutes per entry. So if you have 20 entries, it would take 20-40 minutes a week.

== Proje	ect Labor Trans	sactions		
	Employee	Name	Employee: 1020 V Riley, De	wey H.
1 (n) ▶	1020	Riley, Dewey I		
*			Shift: 1	Accum Hours: 19.000
			Pay Type: Regular	Transaction:
			Project:	▼
			Task:	▼
			Cost Code:	
			Transaction Date: 08/29/2019	▼
			Total Hours: 0.000	
			Pay Rate:	1.000
			Project Rate:	29.540

On the other hand, it would take only 1-2 minutes to do 20 time entries by just tabbing through the fields.
